

**OPTION 1**

Typical timetable for a single school Science and Technology Activity Day

<b>Session 1</b> – one hour	<b>Session 2</b> – one hour		<b>Session 3</b> – one hour	<b>Session 4</b> – one hour		<b>Session 5</b> – one hour	<b>Session 6</b> – one hour
30 young people doing either robotics, E-FIT or diagnostics	30 young people doing either robotics, E-FIT or diagnostics	Break	30 young people doing either robotics, E-FIT or diagnostics	30 young people doing either robotics, E-FIT or diagnostics	Lunch	30 young people doing either robotics, E-FIT or diagnostics	30 young people doing either robotics, E-FIT or diagnostics

- This option involves six consecutive activity sessions. Sessions can be done with different students, or we can do six different activity sessions with the same group of 30 students.
- Activities can also be chosen from Electric Car, Emergency Medical Assistance, a talk about how to apply to medical school, or any of the other activities outlined on our website.
- Times can be altered to fit a school’s timetable. Could have 5 x 1¼ hr sessions, if required.
- Young people would be split into 10 teams each with 3 young people.

TOTAL COST: £1,030 + VAT

## OPTION 2

Typical timetable for a single school Science and Technology Activity Day with two sessions running simultaneously.

Session 1 – one hour	Session 2 – one hour		Session 3 – one hour	Session 4 – one hour		Session 5 – one hour	Session 6 – one hour
Group 1 does either robotics, E-FIT or diagnostics	Group 2 does either robotics, E-FIT or diagnostics	Break	Group 3 does either robotics, E-FIT or diagnostics	Group 4 does either robotics, E-FIT or diagnostics	Lunch	Group 5 does either robotics, E-FIT or diagnostics	Group 6 does either robotics, E-FIT or diagnostics
Group 2 does either robotics, E-FIT or diagnostics	Group 1 does either robotics, E-FIT or diagnostics		Group 4 does either robotics, E-FIT or diagnostics	Group 3 does either robotics, E-FIT or diagnostics		Group 6 does either robotics, E-FIT or diagnostics	Group 5 does either robotics, E-FIT or diagnostics

- This option involves two activity sessions running simultaneously. Each session is for 30 students.
- Activities can also be chosen from Electric Car, Emergency Medical Assistance, a talk about how to apply to medical school, or any of the other activities outlined on our website.
- Times can be altered to fit school's timetable. Could have 5 x 1¼ hr sessions, if required.
- Young people would be split into 10 teams each with 3 young people.

TOTAL COST: £1,545 + VAT

## OPTION 3

Single school Science and Technology Activity Day with three sessions running simultaneously

- This option is similar to option two, though it involves three activity sessions running simultaneously. Activities are chosen which best suit the schools needs. Young people would be split into 10 teams each with three young people.

TOTAL COST: £2,060 + VAT

### OPTION 4

Typical timetable for a single school Science and Technology Activity Day with five activity sessions running simultaneously.

Session 1 – one hour	Session 2 – one hour		Session 3 – one hour	Session 4 – one hour		Session 5 – one hour	Session 6 – one hour
Group 1 does Robotics	Group 1 does E-FIT	Break	Group 1 does Electric Car	Group 1 does Emergency Medical Assistance	Lunch	Group 1 does Diagnostics	Talk given by medical students about how to apply to medical school. A doctor would also speak about the pros and cons of their career and answer any questions.
Group 2 does E-FIT	Group 2 does Electric Car		Group 2 does Emergency Medical Assistance	Group 2 does Diagnostics		Group 2 does Robotics	
Group 3 does Electric Car	Group 3 does Emergency Medical Assistance		Group 3 does Diagnostics	Group 3 does Robotics		Group 3 does E-FIT	
Group 4 does Emergency Medical Assistance	Group 4 does Diagnostics		Group 4 does Robotics	Group 4 does E-FIT		Group 4 does Electric Car	
Group 5 does Diagnostics	Group 5 does Robotics		Group 5 does E-FIT	Group 5 does Electric Car		Group 5 does Emergency Medical Assistance	

- Times can be altered to fit school's timetable. Could have 5 x 1¼ hr sessions, if required.
- Thirty young people in each room. They would be split into 10 teams of 3.

TOTAL COST: £2,575.00 + VAT

Date: 15<sup>th</sup> September 2023
